

It is more than just a game...

It is about changing lives.
It is about representing the community.
It is about making a difference.

The **Red Stick Adult/Amateur Baseball League** is seeking partners to help make our 2011 Adult and Amateur Leagues a success on and off the diamond.

However, in baseball and in life the journey to success is never walked alone.

We need you to share our journey. We need you to make a difference. We need you as a sponsor.

The **Red Stick Adult/Amateur Baseball League** needs your support; your local athletes need your support. The costs of equipment, uniforms, travel cost, and other fees are increasing. We need you to help keep the cost per participant at a level that encourages, rather than discourages play. Without the help of local business leaders and individual sponsors, our teams will not get a chance to go to bat. Sponsorship is the only way to ensure our team gets its chance. Everyone deserves a chance. You can make this possible. As a sponsor you will also receive recognition in many ways that will show the community that you are a difference maker.

While our goal is development, we will never lose sight of why we play the game; to have fun, make friends and teach our participants how to grow physically and mentally with responsibility, effort and sportsmanship.

Competitive Baseball has for decades impacted and changed lives. Here are just a few ways Baseball has made a difference in the community.

- Promotes Healthy Lifestyle
- Develops Teamwork and Relationship building Skills
- Rewards Excellence
- Instills a Sense of Fair Play
- Teaches Responsibility
- Nurtures Community Awareness and Service

Timing is critical. In order to satisfy the needs to organize our teams effectively, please help today. You can make a difference. If you have any questions, please contact me at admin@redstickbaseball.com

A handwritten signature in black ink, which appears to read "Locke Wheeler". The signature is written in a cursive, flowing style.

Locke Wheeler
RSABL President and Commissioner
